To: All IMSA Porsche GT3 Cup Challenge USA by Yokohama Participants

From: IMSA Competition

Date: January 20<sup>th</sup>, 2020

Re: 2020 Entry Now Open

---

IMSA is pleased to open the 2020 Entry Application and Agreement process to our valued customers. Please take a moment to review all the information below, as some items have a new look for 2020, and we have made some updates to make our processes more seamless.

Similar to last year, IMSA has separated out the Entrant Membership from the individual Entry Packages for each car. You must have an Entrant Membership in order to enter cars in the Championship. Entrants can enter multiple cars and your Entrant Membership can be used for any IMSA Series. New for 2020 is our online application portal, [MERC](#). MERC will be used for both your Entrant and Entry Applications.

Once you have received approval of your Entrant Membership the Entry Application can also be found on MERC.

Once your Entry has been paid and approved, you will receive an email with instructions to manage your Crew Credentials, complete your Credit Card Authorization Form, Paddock Information Form and order any equipment necessary.

The deadline for Premium Entries to keep their car numbers from 2019 for both GT3 Cup USA and GT3 Cup Canada is Tuesday, February 11th. Please note in order to keep your previous number you will have to register and pay for your package fee before that date.
