Re: Long Beach Event Entry Limitations

As a reminder, per the Acura Grand Prix of Long Beach SR, the total number of Entries accepted for the Event is limited due to physical paddock space constraints.

Although the entry deadline is March 31st, IMSA is nearing capacity in the paddock. Therefore, prospective Entrants are strongly encouraged to submit all entry materials and full payment as soon as practical in order to establish priority for selection should a limit on the number of entries be required.
