

IMSA COMPETITION MEMO IWSC #20-18

To: All IMSA WeatherTech SportsCar Championship Participants

From: IMSA Competition

Date: June 18

Re: IMSA Dedicated Internet (IDI)

IMSA Dedicated Internet (IDI) is now available for purchase via the link below.

[2020 IDI Order Form](#)

Specifications:

Bandwidth: 25Mb Upload and Download
Equipment: ARRIS SURFboard SB6190 Cable Modem (Provided)
(Modem dimensions 7.15 x 4.5 x 6.11 inches)
2-Way Coax Cable Splitter (Provided)

Installation:

1. Connect 2-way coax cable splitter to your existing video cable from the pit wall. The splitter must be the first connection from the pit wall.
2. Use the provided splitter to connect Cable Modem and Televisions. The Modem must be directly connected to splitter.
3. Add the assigned static IP address to the device connected to the Cable Modem. Static IP addressed will be emailed to the contact provided in the signup form.

Hours of Operation:

IDI will be available from the start of the pit lane equipment setup time listed in the Schedule/SR until one (1) hour after the checkered flag of the Race.
