Re: IMSA Dedicated Internet (IDI)

One Daytona Blvd.  
Daytona Beach, FL 32114  
P: +1 (386) 310-6500

---

IMSA Dedicated Internet (IDI) is now available for purchase through the [2021 IDI Order Form](#). This link can also be found in the Team Portal at [imsacompetitors.com](https://imsacompetitors.com)

### Available Locations:

Pit Lane

Paddock

### Specifications:

Bandwidth: 25Mb Upload and Download with bursting up to 50Mb

Equipment: ARRIS SURFboard SB6190 Cable Modem (Provided)  
(Modem dimensions 7.15 x 4.5 x 6.11 inches)

2-Way Coax Cable Splitter (Provided)

### Installation:

1. Connect 2-way coax cable splitter to your existing video cable from the pit wall. The splitter must be the first connection from the pit wall.
2. Use the provided splitter to connect Cable Modem and Televisions. The Modem must be directly connected to the splitter.
3. Setup your internet device for DHCP.

### Hours of Operation:

IDI will be available from the start of the pit lane equipment setup time listed in the Schedule/SR until one (1) hour after the checkered flag of the Race.
