

IMSA TECHNICAL BULLETIN IPC #21-03

To: All IMSA Prototype Challenge P3-1 Participants
From: IMSA Competition
Date: January 13, 2021
Re: IPC P3-1 Refueling Components

One Daytona Blvd.
Daytona Beach, FL 32114
P: +1 (386) 310-6500

Effective for January 2021, IMSA has approved the temporary installation and use of ATL "Red Head" style refueling connections for Cars competing in the P3-1 Class of the IMSA Prototype Challenge. Installation of the substitute components must respect the Homologation of the Car and serve no additional purpose than to fit the ATL components.

Cars must utilize the homologated refueling components for Event(s) following January 2021.
