Re: Class Winner Apex Stickers

One Daytona Blvd.
Daytona Beach, FL 32114
P: +1 (386) 310-6500

IMSA is implementing a new recognition for the class-winning Cars in each IMSA WeatherTech SportsCar Championship Race.

The overall winner Apex sticker is presented to the finishing Driver at the end of the Race, following TV interviews.

Apex stickers for all other class-winning Cars are distributed to the respective Teams in the days after the Event.

Where possible, the Apex should be placed on the Car behind the left side window. Please contact your Series Manager with any questions.

The Apex signifies a Race win and should remain on the Car for the rest of the season. This program is not mandatory, but we hope it becomes a badge of honor and something that the Team proudly displays at each Race Event.

IMSA will provide the stickers to the 2021 class winners from Daytona and Sebring.
