Re: Updated Event Operations Protocol

An updated version of the [IMSA Event Operations Protocol](#) has been published. This edition has been updated to reflect changes in the Event roster and medical screening process. Below is a summary of the revised roster/screening process:

- Event access is now restricted to Essential Personnel and Guests. There is no longer a cap on the number of eligible participants per roster.
- Only participants with a valid Annual Credential or Single Event Credential (SEC) are eligible to be placed on an Event Roster.
- An Event roster of all Essential Personal/Guests must still be submitted through MERG by going to: COVID-19 Roster. All Personnel must be declared on an Event Roster.
- Approved participants must electronically complete HIPAA Waiver, COVID-19 Waiver and Event COVID-19 Questionnaire.
- Upon completion, participant receives an approval text validating Event entry. QR codes for Event Entry are no longer used.
- Validated participants must have the approval text with Annual Credential or SEC for Event entry. There is no longer on-site scanning, and stickers for credentials are not required.
