## IMSA TECHNICAL BULLETIN IPC #22-01

To: All IMSA Prototype Challenge Participants  
From: IMSA Competition  
Date: November 16, 2021  
Re: IPC 2022 Technical Regulations

---

Today IMSA is publishing the 2022 Blackline and Redline Technical Regulations for the IMSA Prototype Challenge in both Redline and Blackline formats. The Blackline version is the official version.

Following today's date, changes to the IMSA Prototype Challenge Technical Regulations will be issued via Technical Bulletin.

**Note:** These Technical Regulations grant specific permissions for modification, change, or adjustment of the Specification of the Car. **Unless specifically defined as permitted, any modification, change, or adjustment is inherently prohibited.** This philosophy is clearly defined in the Foreword and specific modifications are defined in Article 7.

**P3:**

The only eligible engine is the VK56 for 2022.
