Date: January 5

Re: ROAR and R24H Driver Helmet Inspection

One Daytona Blvd.  
Daytona Beach, FL 32114  
P: +1 (386) 310-6500

Per IMSA Sporting Regulation Article 21.2, all Driver helmets must be inspected by IMSA Officials prior to first use in the season. Helmets must display the required IMSA inspection sticker. The 2022 helmet sticker indicates the helmet is compliant with the FIA 8860 standard and is equipped with the Eject System or Stand 21 "Lid Lifter" system. The helmet inspection does not address the safety condition of the helmet.

Helmet inspection locations are located in the Blue Garages near the Michelin Pilot Challenge scrutineering garage and in the Yellow Garages near the WeatherTech scrutineering location. See table below for dates and times.

Roar Before the 24

	<u>Blue Garages</u>	<u>Yellow Garages</u>
Thursday (1/20)	----	3:00 pm – 4:00 pm
Friday (1/21)	7:00 am – 8:00 am 4:00 pm – 5:00 pm	10:00 am – 11:00 am
Saturday (1/22)	-----	8:00 am – 9:00 am

Rolex 24 at Daytona

	<u>Blue Garages</u>	<u>Yellow Garages</u>
Wednesday (1/26)	10:00 am – 11:00 am	12:00 noon – 1:00 pm
Thursday (1/27)	11:00 am – 12:00 noon	9:00 am – 10:00 am

If a Driver is unable to meet the above scheduled times due to travel, IMSA Officials are available to provide helmet inspections on a case-by-case basis. It is the responsibility of the Team to set up a time and location for helmet inspection if the above times cannot be met. Appointments can be made at one of the inspection locations during operating hours.

All other protective safety equipment used by a Driver or Team remains the responsibility of the Entrant and will be spot checked during IMSA Events.
