Re: Daytona Pre-Rolex 24 Pit Lane Access

On Tuesday Jan. 25, IWSC Teams have the opportunity to take Cars to pit lane under the following circumstances:

- Tuesday Jan. 25:
 - 1:00 pm - 2:30 pm - Prototype only
 - 3:00 pm - 4:30 pm - GT only
- Cars must only enter and exit the pit lane through the pit-in gate. All other gates are closed.
- Cars must not be driven.
- Cars must be removed from the pit lane at the end of the respective scheduled time.
- Any refueling must respect the refueling regulations and crew must be appropriately attired.
- DIS Track Services is on-site for these sessions.
- The IMSA refueling network is not operational.

This is the only opportunity for Cars to access pit lane prior to scheduled on-track activity for the R24H.
