Date: January 25

Re: Daytona Pre-Rolex 24 Pit Lane Access

Wednesday Jan. 26, IMPC Teams have the opportunity to take Cars to their assigned pit lane boxes for live refueling from the fuel rig under the following circumstances:

- Wednesday, Jan 26th
 - o 1:00 pm - 1:45 pm
- Cars must only enter the pit lane through the Rolex Chute.
- Cars must not be driven.
- Cars are expected to remain in their pit box until the start of the IMPC practice session #1
- Any refueling must respect the refueling regulations and crew must be appropriately attired.
- DIS Track Services is on-site for the session.
- Scheduled fuel rig inspections 5:00 pm - 6:00 pm can be performed in the Team pit box or Paddock location.

This is the only opportunity for Cars to access pit lane prior to scheduled on-track activity for the BMW M Endurance Challenge.

Please contact Brian Wilson, bwilson@imsa.com for questions.
