Re: Rolex 24 IMSA Data Sticks - DPi, GTD-PRO, GTD

One Daytona Blvd.  
Daytona Beach, FL 32114  
P: +1 (386) 310-6500

Each DPi, GTD-PRO and GTD Entrant receives two (2) IMSA Data Logger memory sticks during the Rolex 24 Safety Inspection. Data sticks are assigned to specific Cars and are labeled accordingly.

Entrants must present IMSA Data Logger memory sticks to the IMSA Technical Inspection trailer within thirty (30) minutes of the completion of each Practice session.

During in-Race pit stop service, Entrants must exchange the IMSA Data Logger memory stick per the following schedule:

- First exchange: Between Race Time 5:00 and 7:00
- Second exchange: Between Race Time 11:00 and 13:00
- Third exchange: Between Race Time 17:00 and 19:00

Entrants are responsible to ensure the exchanged IMSA Data Logger memory sticks are properly seated and secured. Failure to properly install and secure the IMSA Data Logger memory stick may require additional service as directed by IMSA.

Within thirty (30) minutes of the IMSA Data Logger memory stick exchanges during the Race, Entrant must present the IMSA Data Logger memory stick to a Bosch Engineer at the IMSA Timing Stand located on the cold side of pit lane near start/finish.

- After the First exchange, the IMSA Data Logger memory stick is downloaded at the IMSA Timing Stand and immediately returned to Entrant for the required Second exchange.
- After the Second exchange, the IMSA Data Logger memory stick is downloaded at the IMSA Timing Stand and immediately returned to Entrant for the required Third exchange.
- The IMSA Data Logger memory stick removed and presented from the Third exchange is retained by IMSA.

Within thirty (30) minutes from retirement from the Race, Entrant must present all IMSA Data Logger memory sticks at the IMSA Technical Inspection trailer.

IMSA will collect all final IMSA Data Logger memory sticks from impounded cars at the end of the race.

Entrants are responsible for replacement costs for lost or damaged IMSA Data Logger memory sticks.

All other IMSA Data Logger regulations apply.

Entrants are encouraged to practice a data stick exchange during Practice sessions. IMSA will accept submission of data on two (2) IMSA Data Logger memory sticks for Practice data from a single session.
