To: All IMSA WeatherTech SportsCar Championship Participants
From: IMSA Competition
Date: October 4, 2023
Re: Fuel Vessels in Technical Inspection

Effective for the upcoming Motul Petit LeMans Event, all Entrants removing fuel from Cars in the Technical Inspection Area **must** utilize a Vessel (bottle, jug) that complies to the following

- Have a flat bottom
- Be free of any carriage/trolley
- Rest without assistance on the IMSA scale for weight measurement before and after de-fueling the Car.
