To: All IMSA VP Racing SportsCar Challenge Participants  
From: IMSA Competition  
Date: October 4, 2023  
Re: Fuel Vessels in Technical Inspection

---

Effective for the upcoming Road Atlanta Event, all Entrants removing fuel from Cars in the Technical Inspection Area must utilize a Vessel (bottle, jug) that complies to the following

- Have a flat bottom
- Be free of any carriage/trolley
- Rest without assistance on the IMSA scale for weight measurement before and after de-fueling the Car.
