Today IMSA is publishing the 2024 Blackline and Redline Technical Regulations for the IMSA Michelin Pilot Challenge for the classes as indicated. The Blackline is the official version.

Following today's date, changes to the IMSA Michelin Pilot Challenge Technical Regulations will be issued via Technical Bulletin.

There are a significant number of updates to several Technical Regulations, including Articles 8 and 9.

**Note:** These Technical Regulations grant specific permissions for modification, change, or adjustment of the Specification of the Car. **Unless specifically defined as permitted, any modification, change, or adjustment is inherently prohibited.** This philosophy is clearly defined in the Foreword and specific modifications are defined in Article 7.
