Re: IMSA Data Stick Collection – December Test: GTP, GTD-PRO, GTD

One Daytona Blvd.
Daytona Beach, FL 32114
P: +1 (386) 310-6500

Each GTP, GTD-PRO and GTD Entrant will receive two (2) IMSA Data Logger memory sticks during the Daytona Test Safety Inspection. Each GTP car receives two (2) Bosch Hybrid System memory sticks for the Hybrid System. Data sticks are assigned to specific Cars and are labeled accordingly.

IMSA Data Logger and Bosch Hybrid System memory sticks must be presented to the Bosch Engineering trailer within thirty (30) minutes of the completion of each Session.

More frequent exchanges of memory sticks may be required throughout the Event as directed by IMSA.

Entrants are responsible to ensure the exchanged memory sticks are properly seated and secured. Failure to properly install and secure the memory stick may require additional service as directed by IMSA.

Entrants are responsible for replacement costs for lost or damaged IMSA Data Logger memory sticks.

All other IMSA Data Logger regulations apply.
