MICHELIN MOTORSPORT CONTINGENCY POSTING
“MICHELIN ALL HANDS FOR THE WIN”

Michelin Motorsport will continue to offer a full season award to the following classes in 2024:

- GTP
- LMP2
- GTD PRO
- GTD
- GS
- TCR

Each class, expanded in 2024 to include GTP and LMP2 teams, will be eligible for the award that is awarded to a single team per class, spending the least amount of time on pit lane, through Petit Le Mans at Michelin Raceway Road Atlanta. The result will be determined by IMSA Timing and Scoring, utilizing the following eligibility:

- ***Complete 80% or more of the Race time in all Races***
- ***Ties decided by highest place in Team Points standing***

The “Michelin All Hands FTW” award is intended to reward team members for outstanding overall team performance, required to keep the car racing on track as much as possible. The reward will be DOT-legal street tires (not exceeding \$2,000 MSRP per set of tires), to be allocated to identified individual team members of the winning class teams.

Tracking for “Michelin All Hands FTW” will be cumulative throughout the 2024 season, based on each class’s race schedule and designated race time.

IMSA will calculate and validate the results for each class, following the completion of each series race at Petit Le Mans, and Michelin Motorsport will contact the winners following that race weekend.

An updated communication will be distributed at the end of the season, specifying the method and rules for prize allocation.
