

IWSC #24-04

To: All IMSA WeatherTech SportsCar Championship Participants

From: IMSA Competition

Date: January 23

Re: Full Field Photo

One Daytona Blvd.
Daytona Beach, FL 32114
P: +1 (386) 310-6500

In preparation for the Full Field Photo, please respect the preparatory and operational notes below:

- The front of the field will be positioned near the entrance to Turn 1 (as opposed to the frontstretch banking, at start/finish line as in past years).
- All Cars must arrive at the skid pad prior to 9:00 am.
- Cars are staged/ordered on the Skid Pad in order, per the grid below.
- Teams are directed when to move to position.
- Once the final Car is positioned and confirmed by IMSA, all tuggers, equipment and personnel must move down-track beyond the head of the field, and the bucket truck, to be out of frame.
- Team personnel and/or vehicles are permitted on pit lane on the Turn 1 side of the Rolex Chute, as long as they are tight against the wall and not visible during the photo shoot.
