

## IWSC TECHNICAL MEMO #25-04

To: All IMSA WeatherTech SportsCar Championship GTD-PRO, GTD, LMP2 Participants

From: IMSA Competition

Date: November 1, 2024

Re: 2025 GTD-PRO, GTD, and LMP2 Leader Light Panel Update

---

One Daytona Blvd.  
Daytona Beach, FL 32114  
P: +1 (386) 310-6500

Due to mandatory updates, IMSA requires all existing GTD/GTD-PRO and LMP2 teams with Version 1A XAP Leader Light Panels with serial numbers not contained on the following list to return them to CMS

2025 Accepted XAP Panel Serial Numbers		
1	29	55
2	31	59
4	32	66
5	33	76
6	35	77
7	36	92
10	38	98
17	39	99
21	50	107
26	51	
27	54	

This applies to Version 1A panels **only** per [IWSC TM #24-05](#), Version 2A panels with any serial number can be used.

These updates are complementary to Entrants. Once the panels are received, the turnaround time will be approximately 1-2 weeks. Teams should plan accordingly. See the images below for examples of compliant and non-compliant panels:

One Daytona Blvd.  
Daytona Beach, FL 32114  
P: +1 (386) 310-6500

Panels should be shipped to the following address and should include a return shipping label:

**Creative Motorsports Solutions USA LLC**  
222 Oakridge Blvd.  
STE 120  
Daytona Beach, FL 32118
