Re: IMSA GTP, GTD-PRO, GTD Spin Test Data Submission Deadlines: 2025 ROAR and Rolex 24

One Daytona Blvd.  
Daytona Beach, FL 32114  
P: +1 (386) 310-6500

For the duration of the applicable Event, LMDh TR Appendixes Article 8.7.2.a and GTD-PRO and GTD TR Article 8.12.2, shall be applied as follows for all forms of Torque Sensor Offset Test (spin test). The data submission will be via SharePoint per [TB 25-03](#). Entrants are required to perform torque sensor spin tests according to requirements of Article 8.7.2.a (LMDh) and Article 8.12.2 (GTD-PRO, GTD) respectively. Tests are permitted to be completed in the Entrant's paddock area by Entrant's staff unless otherwise directed by IMSA officials.

Spin test data must be submitted by Entrant as **one file for both installed axles for each of the two back-to-back required spin tests per submission** within the window below and **in the event of an over-torque since the previous spin test**.

Filename template must match this structure:
