## IWSC TECHNICAL BULLETIN #25-21

To: All IMSA WeatherTech SportsCar Championship Participants  
From: IMSA Competition  
Date: January 15, 2025  
Re: IMSA 2025 Bosch Scrutineering System Software Update – GTD, GTD-PRO

---

GTD PRO and GTD Cars must undergo a mandatory software update to the Series Scrutineering Logger to be programmed by BOSCH personnel in the Entrant's garage.

The Car's Series Scrutineering System must be installed, connected to all branches of the scrutineering loom, and capable of powering on NO LATER THAN 1 hour prior to the Car's scheduled arrival to Pre-Event Inspection.

Cars with Pre-Event Inspection scheduled prior to 9:00 am on January 16, 2025 are permitted to present to Pre-Event Inspection prior to receiving the mandatory update. This mandatory update must be installed prior to any on-track activity.

Any questions regarding the mandatory update can be directed to [imsaengineering@imsa.com](mailto:imsaengineering@imsa.com)
