

IWSC TECHNICAL BULLETIN #25-34

To: All IMSA WeatherTech SportsCar Championship Participants
 From: IMSA Competition
 Date: March 5, 2025
 Re: IMSA Spin Test Data Submission Deadlines: 12 Hours of Sebring

One Daytona Blvd.
 Daytona Beach, FL 32114
 P: +1 (386) 310-6500

For the duration of the applicable Event, LMDh TR Appendixes Article 8.7.2.a and GTD-PRO and GTD TR Article 8.12.2, shall be applied as follows for all forms of Torque Sensor Offset Test (spin test). The data submission will be via SharePoint per [TB 25-03](#). Entrants are required to perform torque sensor spin tests according to requirements of Article 8.7.2.a (LMDh) and Article 8.12.2 (GTD-PRO, GTD) respectively. Tests are permitted to be completed in the Entrant's paddock area by Entrant's staff unless otherwise directed by IMSA Officials.

Spin tests must be performed and submitted within the window below. In the event of an over-torque, axle swap, removal/reinstallation of axle or any mechanical changes made to the driveline components, a spin test for both axles is required and should be placed in the "0_Over Torques" folder on SharePoint.

Filename template must match this structure:

[car]_[cardinfo]_[RecDateYear][RecDateMon][RecDateDay]_[RecStart]_Out[outing03]
