## VPRC #25-07

To: All IMSA VP Racing SportsCar Challenge Participants  
From: IMSA Competition  
Date: August 18, 2025  
Re: VP Racing SportsCar Challenge CTMP Race #2 - Rescheduled to the VIR Event  
REVISED

The VP Racing SportsCar Challenge Race #2 at Canadian Tire Motorsports Park, postponed due to inclement weather and international logistics challenges, has been rescheduled to take place during the VIRginia International Raceway Event on **Sunday, August 24, 2025**.

To accommodate this addition to the VIR Event schedule, IMSA has combined VPRC Practice #1 and Practice #2 into a single 55-minute Practice session for the VIR Event only.

### Makeup Race Notation / Eligibility:

- On the Official Schedule and SR, the Race labeled “CTMP Race #2 Makeup” is the rescheduled CTMP Race.
- Only the original Team/Car/Driver combinations entered at the CTMP Event are eligible for participation in CTMP Race #2 Makeup.

### Qualifying and Race Starting Positions:

- The starting positions for CTMP Race #2 Makeup are those originally published as the Official Starting Grid for Race #2 at the CTMP Event.
- VPRC Qualifying at VIR determines the starting positions only for VIR Race #1.
- VIR Race #2 starting position is determined in accordance with Art. 40.2.4 and does not include CTMP Race #2 Makeup.

### Tire Allocation:

- One (1) additional Tire Set is allocated for use only in CTMP Race #2 Makeup.

### GTDX Success Ballast:

- GTDX Success Ballast for the VIR Event is calculated in accordance with ATT. 2.
  - Zero (0) GTDX Success Ballast is attributed to the postponed CTMP Race #2.
- GTDX Success Ballast carried into the VIR Event is applicable for the entire VIR Event, including CTMP Race #2 Makeup.
- For Cars that participate at VIR, GTDX Success Ballast for Michelin Raceway Road Atlanta is calculated from results in VIR Qualifying, VIR Race #1, and VIR Race #2, in accordance with ATT. 2.

### Other:

- Except as above, for the purposes of Sporting Regulation references, all Sessions at VIR are considered part of the VIR Event.
