Re: Mustang Challenge CotA Car Circulation Update

For Mustang Challenge at CotA sessions, Practice #1, Practice #2 and Qualifying, the Cars are released from the False Grid behind the Safety Car to make one out / in lap of the track, to enter the pit lane prior to the start of the sessions.

Cars must be driven only by their respective Drivers, properly attired per Article 21. Once in the pit lane for the Practice sessions, Cars may line up at the pit exit, or go to their pit boxes.

For Qualifying, Cars must go only to their pit boxes.

The timing for the individual movements are shown below, excerpted from WEC schedule:
