

IWSC Voluntary Technical Inspection - MERG Reservation System

The Voluntary Technical Inspection Reservation System is processed through MERG.

The system activates on the Monday prior to each Event at 11:00 am **local time to the Event site**. Teams must submit their completed Scrutineering Declaration in MERG to make a Reservation. An error message appears when attempting to make a reservation if the Scrutineering Declaration has not been submitted.

Entrants may review and select one (1) voluntary technical inspection time slot during the Event for “By Reservation” Voluntary Inspections as identified in the Official Schedule, through the IMSA MERG system as shown in the examples below.

The screenshot displays the IMSA MERG interface. At the top, the IMSA logo is on the left, and navigation links (Home, Entrants, Entries, Credentials, Drivers, Services, Industry Support) and a Logout button are on the right. Below the navigation bar is a red header for the 'INSPECTION SCHEDULE' section. Under this header, there is a 'Seasons' dropdown menu set to '2024'. Below the dropdown are three input fields: 'Event' with 'Sebring', 'Car' with '999 GTM', and 'Team' with 'IMSA Racing'. A red 'Reserve' button is positioned to the right of the 'Team' field. Below this is another red header for the 'ACTIVE RESERVATIONS' section, which includes a sub-header 'IMSA 1.12 Hours of Testing' and 'WSC - GTM - 999'. The main content area shows 'No reservations found.' and a 'MAKE A NEW RESERVATION' button. Below this is a grid of time slots for the inspection period from 7:30 AM to 12:30 PM, with slots every 15 minutes. The slots are represented by red buttons with white text.

MERG reservation time slots are for “By Reservation” voluntary technical inspection only. These available time slots follow all mandatory Pre-Event and technical inspections per the Official Schedule for each Event. Availability is limited and may not accommodate all entered Cars.

Reservation time slot allocations are 15 minutes for GTP and LMP2 Entrants, and 10 minutes for GTD PRO and GTD Entrants.

Entrant must have no more than one (1) open reservation during an Event at any given time. Once a reservation has been fulfilled, the Entrant may schedule an additional reservation during the hours listed in the Official Schedule. All aspects of IWSC SSR 24.9.2. remain in effect. Once a reservation time has been selected in MERG, it automatically counts toward the permitted three (3) visits for the Event, irrespective of if the Car presents or not.

An Entrant unable to attend their scheduled time slot, must cancel in MERG so that other Entrants may use that time slot.

An Entrant must arrive to the IWSC inspection area at or prior to their inspection start time to maintain efficient use of schedule. Late arrival will result in forfeiture of the appointment.

Once the Voluntary Technical Inspection Reservation Period(s) are completed per the Official Schedule, remaining IWSC voluntary tech hours are open for all Entrants and do not require a reservation.
