Re: IMSA Data Stick Collection – 2026 November Daytona Test

One Daytona Blvd.
Daytona Beach, FL 32114
P: +1 (386) 310-6500

Each GTP, GTD-PRO, and GTD Entrant will receive one (1) IMSA Data Logger memory stick and one (1) IMSA Spin Test memory stick during Pre-Event Inspection. Each LMDh car receives one (1) Bosch Hybrid System memory stick for the Hybrid System. Data sticks are assigned to specific Cars and are labeled accordingly.

IMSA Data Logger and Bosch Hybrid System memory sticks must be presented to the Bosch Engineering trailer within thirty (30) minutes of the completion of each Session.

More frequent exchanges of memory sticks may be required throughout the Event as directed by IMSA.

Entrants are responsible to ensure the exchanged memory sticks are properly seated and secured. Failure to properly install and secure the memory stick may require additional service as directed by IMSA.

Entrants are responsible for replacement costs for lost or damaged IMSA memory sticks.

All other IMSA Data Logger regulations apply.
