

LAGUNA SECA – 2026 / IWSC SUPPLEMENTAL TRAILER MOVEMENT PLAN

Please review the following instructions regarding registered IMSA WeatherTech SportsCar Championship Supplemental Trailer access and operations at WeatherTech Raceway Laguna Seca:

Wednesday, April 29

- Supplemental Trailers must be staged on South Boundary Road (designated staging area) by 3:00 PM
- Following completion of IWSC team transporter load-in, trailers will be released to enter the paddock
- Upon entry, park adjacent to your team transporter(s), ensuring fire lanes remain clear and passable
- Trailers may remain parked overnight; no unloading or opening of trailers is permitted

Thursday, April 30

- Trailer unloading may begin at 7:30 AM
- Equipment may be placed outside your garage or within your awning area
- No setup activity is permitted until 10:00 AM including:
 - *Opening of garages*
 - *Garage or pit lane setup*
 - *Awnings and flooring installation*
- All Supplemental Trailers must be fully unloaded and exit the paddock no later than 9:30 AM
- After exiting, trailers must park in Purple Lot 10 (preferably grouped toward the rear of the lot)

Saturday, May 2

- Teams should be prepared to bring Supplemental Trailers back into the paddock at approximately 6:30 PM
- Supplemental Trailers can remain parked in paddock overnight in preparation for loading on Sunday
- Additional details will be communicated later this week

If you have any questions, please contact Cory Posocco or Holly Langer. Cheers to you and your team for a safe and successful week in Monterey.
