2026 Tire Price

Michelin continues to innovate and bring proven race tire solutions to the IMSA paddock once again in 2026. We would like to thank our partner teams for your support and collaboration.

As we close out 2025, the tire industry, similar to many manufacturing businesses, continues to see the impacts of raw material and production cost increases. Additionally, with Michelin motorsports products produced in France, the imposed tariff on these products remains in effect.

These economic pressures have impacted our business at Michelin across the portfolio, but we remain sensitive to working with IMSA customers to help control team costs.

In 2026, Michelin will implement a price increase across its portfolio of motorsports product of 3.8% on the base price from the start of 2025. The prices will be effective January 1, 2026 on the tire lines specified below and used in the IMSA WeatherTech Sportscar Championship (IWSC), IMSA Michelin Pilot Challenge (IMPC) and IMSA VP Racing SportsCar Challenge (VPRC).

Additionally, the 7.5% surcharge put in place on June 15 will remain in effect at the same rate for all Michelin motorsports tires sold during race weekends and purchased through Jackson Motorsports. The intention of the surcharge is the ability to quickly remove it from the overall cost of the tire should tariffs be lifted. Sales at IMSA Sanctioned Events will be limited to published allocations. The open market price will be different.

The Michelin race tire prices effective Jan 1 are:

Slick Race Tire Pricing Race Allocation Pricing

Class	Tire Size	Tire Line	Price Per Tire	Surcharge (7.5% same rate as 2025)	Total 2026 Tire Price
IMSA WeatherTech Sportscar Championship					
LMP2	30/68-18	MICHELIN Pilot Sport GT 857F, 857E	\$853.00	\$62.00	\$915.00
