Re: Lamborghini Super Trofeo Sporting Regulations Updates

The following corrections, additions (where shown in red) or deletions are made to the 2026 Sporting Regulations & Series Supplementary Regulations for the Lamborghini Super Trofeo and are effective immediately.

16.8.1. (SSR) The Scrutineers may check the installation of the mandatory on-board camera. A Competitor must fit at least one (1) or more ~~personal~~ **Team-owned** camera(s) in the Car. ~~which~~ **The camera and data card must display be marked with** the Car number. The installation must be presented at the time of scrutineering. Any cameras considered unsafe are prohibited. The weight of the complete equipment is included in the minimum weight of the Car. Transmitting live video prohibited. The ~~images on the~~ camera data card ~~are under embargo must not be accessed~~ during Qualifying and/or ~~each~~ **Races and must not be examined by the Team**. After qualifying and each Race, the cards are under **embargo** ~~Impound and must not be accessed~~ until released by Officials.

16.8.1.A. (SSR) During this period, the Officials may examine any card(s). After this period, Teams may **access**/examine the files. The card must have enough storage space to record qualifying sessions and both Races.

34.1. Article 34.1. has been renumbered to include the 34.1.1. etc. intervals. No language changes.

The 2026 Sporting Regulations and Series Supplementary Regulations for the Lamborghini Super Trofeo shall be updated with the information herein and reissued as of June 17, 2025.
