Re: Mustang Challenge Sporting Regulations Updates

The following corrections, additions (where shown in red) or deletions are made to the 2026 IMSA Sporting Regulations & Series Supplementary Regulations for Mustang Challenge and are effective immediately.

34.1. Article 34.1. has been renumbered to include the 34.1.1. etc. intervals. No language changes.

ATT. 3.

~~3.6.8.C. Each Car must carry a two (2) Car-specific RFID vehicle identification tags uniquely identifying the Car. The Car RFID tags are supplied to IMSA by the Tire Manufacturer. IMSA issues the Car's RFID tags as part of the equipment package provided to each Entrant and additional RFID identification tags may require purchase if Entrant consumption is excessive; therefore it is the Entrant's responsibility to ensure the Tags are protected during normal use.~~

~~3.6.8.C.i. One (1) RFID tag is required on each side of the Car.~~

~~3.6.8.C.ii. Car RFID tags must be affixed horizontally (small section vertically).~~

~~3.6.8.D. Placement~~

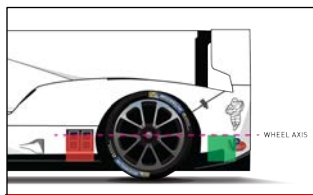

~~3.6.8.D.i. Car RFID tags must be affixed in front of the rear wheel at a height proximal to centerline of the wheel axis (red area in diagram below).~~

~~3.6.8.D.ii. Alternate locations must be approved in writing by the Technical Director prior to the Event.~~

~~3.6.8.D.iii. Car RFID tags must be visible and readable. Any covering (e.g. helicopter tape) must be transparent.~~

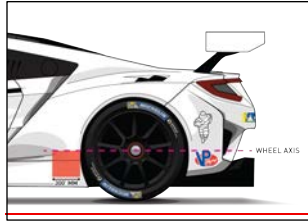

~~3.6.8.D.iv. Car RFID tags must be unobstructed by any other part of the Car.~~

~~3.6.8.D.v. Car RFID tags must be placed away from LED light boards and other electronics and not situated close to exhaust exits.~~

~~The red zone is the preferred location (green is the backup location in case red is blocked).~~
